

BOARD OF TRUSTEES

The Board of Trustees' Purpose is to be responsible for the physical upkeep and operation of the church and school facilities and any other properties held by the congregation.

Our Basic Objectives are to maintain the present structures and control its wear and tear by doing general maintenance when necessary or possible, and receiving bids on projects that we, as a Board, are not capable of performing, and presenting these bids to the Council of Deacons and to the Congregational Assembly.

Our yearly calendar events include the spring cleanup day or days if more time is needed on bigger projects.
